

# THE SHIFT FOCUS AREAS 2021

## CLIMATE

Guiding organizations in **reducing carbon** emissions moving towards a **net-zero** economy.

## REDEFINING VALUE

Showing our members how assessing **natural**, **social** and **human** value alongside **financial** value provides more meaningful information to make better strategic decisions.

## RESOURCES

Encouraging our members to review material use and supply chains ensuring **sustainable** resources production.

## WORK & INCLUSION

Helping organisations move towards a more **inclusive** workplace resulting in increased **collective** intelligence and **strengthened** performance.
